PLEASE CAREFULLY READ THE SEPARATE HEALTH AND SAFETY PRECAUTIONS BOOKLET INCLUDED WITH THIS PRODUCT BEFORE USING YOUR NINTENDO® HARDWARE SYSTEM, GAME PAK OR ACCESSORY. THIS BOOKLET CONTAINS IMPORTANT HEALTH AND SAFETY INFORMATION.

IMPORTANT SAFETY INFORMATION: READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES

WARNING - Seizures

- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes or patterns, such as while watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.
- Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

Convulsions

Altered vision

Eye or muscle twitching

Involuntary movements

Loss of awareness

Disorientation

To reduce the likelihood of a seizure when playing video games:

1. Sit or stand as far from the screen as possible.
2. Play video games on the smallest available television screen.
3. Do not play if you are tired or need sleep.
4. Play in a well-lit room.
5. Take a 10 to 15 minute break every hour.

WARNING - Repetitive Motion Injuries and Eyestrain

Playing video games can make your muscles, joints, skin or eyes hurt after a few hours. Follow these instructions to avoid problems such as tendinitis, carpal tunnel syndrome, skin irritation or eyestrain:

- Avoid excessive play. It is recommended that parents monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists or arms or eyes become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists or arms or eyes during or after play, stop playing and see a doctor.

WARNING - Battery Leakage

Leakage of battery acid can cause personal injury as well as damage to your Game Boy. If battery leakage occurs, thoroughly wash the affected skin and clothes. Keep battery acid away from your eyes and mouth. Leaking batteries may make popping sounds.

To avoid battery leakage:

- Do not mix used and new batteries (replace all batteries at the same time).
- Do not mix alkaline and carbon zinc batteries.
- Do not mix different brands of batteries.
- Do not use nickel cadmium batteries.
- Do not leave used batteries in the Game Boy. When the batteries are losing their charge, the power light may become dim, the game sounds may become weak, or the display screen may be blank. When this happens, promptly replace all used batteries with new batteries.
- Do not leave batteries in the Game Boy or accessory for long periods of non-use.
- Do not leave the power switch on after the batteries have lost their charge. When you finish using the Game Boy, always slide the power switch OFF.
- Do not recharge the batteries.
- Do not put the batteries in backwards. Make sure that the positive (+) and negative (-) ends are facing in the correct directions. Insert the negative end first. When removing batteries, remove the positive end first.
- Do not dispose of batteries in a fire.

STORY

In a diabolical effort to dominate the Bikini Bottom restaurant scene and consequently rule the world, Plankton has launched his most evil scheme yet—Plan Z! He's framed Mr. Krabs for the mysterious disappearance of King Neptune's crown and intends to brainwash the citizens of Bikini Bottom using souvenir bucket hats, which will transform them into mindless Chum Bucket minions!

Great galloping barnacles! What's a sponge to do? For SpongeBob SquarePants the answer is obvious. He and his best buddy, Patrick, must set out on a dangerous journey to Shell City to retrieve Neptune's crown and clear Mr. Krabs' name. Can SpongeBob and Patrick complete their mission in time to keep King Neptune from turning Mr. Krabs into... gulp... krab kakes? Will our buoyant duo rise to the challenge and thwart Plankton's maniacal Plan Z? The fate of Bikini Bottom hangs in the balance!

THE BUDDY SYSTEM

In order to get to Shell City, SpongeBob and Patrick need to work together as a team! You'll play both of them simultaneously as they begin their ultimate buddy adventure. In the spirit of teamwork, our buoyant duo has been gifted with a few special moves.

Stomp: Use the A Button to make SpongeBob and Patrick jump and then press the Control Pad Down while they're in the air. Patrick will plunge toward the ground but first smashing enemies and breakable objects with SpongeBob along for the ride.

Parachute Shorts: Press the A Button to jump and then press it again while SpongeBob and Patrick are airborne. Patrick will use his shorts as a parachute while SpongeBob hangs on for the trip. Use this move to glide over bad guys and obstacles.

Power Charge: Hold down the R Button and SpongeBob and Patrick will run in place, building up speed for a power charge. When you see bubbles stream out from behind them, release the R Button and they'll charge forward with Patrick in the lead to smash any breakable blocks in their path.

Sponge Soak: Press the L Button and SpongeBob will absorb water expanding slowly. When he's full he bursts, shooting bubbles in all directions to defeat all enemies on screen. You'll need to collect a bucket of water in order for SpongeBob to use this move.

Your smooth moves will also help you free the bucket-head victims under Plankton's spell. It's time to ship off to Shell City and keep Plankton from making over Bikini Bottom in his own image!

MINDY'S PLACE

King Neptune's daughter Mindy has a soft spot for SpongeBob and Patrick and she's agreed to help them out on their journey. Once you've beaten a certain stage of the game, you'll have access to Mindy's Place where you can buy power-ups and unlock secret areas.

Mindy's Place also functions as a handy shortcut map. From this screen you can access worlds you've already visited.

The Unlockables Map

You can also open the Unlockables Map from Mindy's Place. There are thirty mini-games to unlock in all! Some of them you'll have to uncover as you travel through the different worlds, but others can be purchased.

Tip: You'll have to find the first mini-game in each world before you can buy the others! Also, a new mini-game can't be purchased unless you've completed the game before it on the Unlockables Map.

ITEMS

Golden Clam: Collect these to buy power-ups and mini-games from Mindy's Place.

Krabby Patty: Krabby Patties will restore your health.

Water Bucket: Buckets remove all enemies on screen. You'll also need to collect them to use the Sponge Soak special move. But remember you can only hold up to nine buckets at a time.

Man Moustache: The man moustache makes you invincible. It's funny how Facial hair can do that for you. Don't get too comfortable, though, it only works for a limited amount of time.

Double Fudge Spinny: Collect one of these and receive an extra turn.

Continue Anchor: This anchor marks the point where you'll continue playing if you run out of health or run out of time and lose a turn.

The Patty Wagon: In certain levels, hop into this patty on wheels and put the pedal to the metal!

MEET THE CAST

SpongeBob SquarePants

Even though SpongeBob has been passed over for a well deserved promotion as manager of the new Krusty Krab 2 restaurant, he doesn't hesitate to come to the rescue of his boss, Mr. Krabs. SpongeBob wouldn't dream of holding a grudge thanks to his unsinkable optimism.

Patrick Star

Patrick may not be the brightest bulb in the socket, but he's the best friend a sponge could have. He'll stick with SpongeBob through thick and thin!

Mr. Krabs

Mr. Krabs is the penny-pinching owner of the Krusty Krab and now, the new Krusty Krab 2. With his secret Krabby Patty recipe he's managed to corner the Bikini Bottom Fast Food market. Things are looking up for Mr. Krabs until he's framed for the disappearance of King Neptune's crown!

Plankton

Plankton is the pint-sized proprietor of the Chum Bucket and a longtime rival of Mr. Krabs. For years he's been trying to steal the secret Krabby Patty recipe with no success. But now that he's hatched his evil Plan Z and Framed Mr. Krabs, will he succeed in dominating the restaurant scene and bringing all of Bikini Bottom under his control?

King Neptune

Without his crown King Neptune is forced to wear a paper bag on his head (possibly to mask a receding hairline). How utterly humiliating, especially for a king! And to make matters worse, King Neptune is being deceived by Plankton.

Mindy

Thank goodness for allies! King Neptune's mermaid daughter, Mindy, has agreed to help SpongeBob and Patrick on their journey to Shell City. Use Mindy's Place as a shortcut and a store to buy helpful items.

Enemies

Jellyfish: The thing to remember about jellyfish is that they sting! Try jumping on top of them to defeat them and get a boost of height in the process.

Scallop: Scallops will follow you with malice in their hearts (if scallops even have hearts) but only when you're not looking. As soon as you turn around they're whistling a different tune.

Giant Clam: A word to the wise: don't be an easy lunch for this hungry mollusk!

Fogger: Foggers burp out a stinky gas that you'll want to avoid. Hold your nose and steer clear.

Slammer: Slammers go around slamming mallets or banjos into the ground. Don't get in their way.

Flinger: Flingers like to throw trash at you. How rude!

Hill Bully: He's a back-country hick fish that likes to hurl cans of Soda Pop in your direction!
